The Robinson Street Underpass Project from 500 feet west of Flood to 500 feet east of Stubbeman is a project approved by the Norman voters as part of the 2005 Bond Election. Utility relocation work is underway. The City's contractor, Central Contracting Services, Inc. of Oklahoma City will be closing the westbound outside lane on Robinson Street between Stubbeman and Jones to relocate a sewer line for this project. Depending on the weather, the closure will begin Tuesday, January 12, 2010 and is estimated to last for two weeks. Additional questions may be directed to John Clink, City of Norman Capital Projects Engineer, at 366-5424.
